

## The First Academy Lower School Foreign Language

### FOREIGN LANGUAGE

#### VISION

Students at TFA, through the study of foreign languages, will appreciate the unlimited capabilities that God gives all peoples for glorifying and serving Him through language. They will recognize that the body of Christ is made up people of “every tribe and language and people and nation.” (Revelation 5:9) Students will gain an awareness of both their own language and culture as well as that of the language and culture targeted. Students will comprehend, analyze, and critique texts and media while demonstrating competence in listening, speaking, reading, and writing in the target language. Students become aware of the opportunities for practical application of their language knowledge in communities, in ministry, and in commerce.
